## 5.4 Download

To download image you have to select one image size from dropdown list

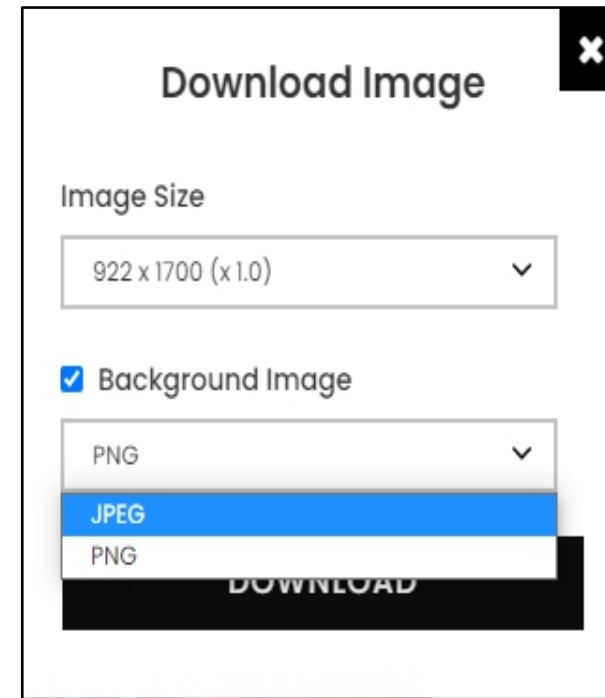

option (a)

size of image, more pixel free image will be display.

The screenshot shows a 'Download Image' dialog box with a close button (X) in the top right corner. Below the title, there is a label 'Image Size' followed by a dropdown menu. The dropdown menu is open, displaying five options: '922 x 1700 (x 1.0)', '1383 x 2500 (x 1.5)', '1844 x 3300 (x 2.0)', and '2305 x 4100 (x 2.5)'. The first option, '922 x 1700 (x 1.0)', is highlighted in blue. At the bottom of the dialog box is a large black button with the word 'DOWNLOAD' in white capital letters.

Option (a)

The screenshot shows the same 'Download Image' dialog box. In this view, the 'Image Size' dropdown menu is closed and shows '922 x 1700 (x 1.0)'. Below it, there is a checked checkbox labeled 'Background Image'. Underneath the checkbox is another dropdown menu showing three options: 'PNG', 'JPEG', and 'PNG'. The middle option, 'JPEG', is highlighted in blue. The 'DOWNLOAD' button is partially visible at the bottom.

Option (b)

If you select different combination in **option (b)** and result possibilities are as following

<input type="checkbox"/> Background Image <div>PNG</div>	Check box off of background Image and select png - Transparent image of only garment(without model) will get download
<input checked="" type="checkbox"/> Background Image <div>PNG</div>	Check box on of background Image and select png - Transparent image with model will get download
<input checked="" type="checkbox"/> Background Image <div>JPEG</div>	Check box on of background Image and select jpg - model with without transparent image will get download

Thank you...
